

PILOT™ Puncture Resistant, Affordable, All Day Comfort

Pilot™ General Purpose Knee Boots Provide, Comfort, Durability, And Waterproof Protection For A Wide Range Of Applications

When you are working in wet, muddy conditions, our General Purpose PVC boots provide easy walking and all day protection.

- Flexible, puncture resistant steel midsole meets CSA Z195-14 and reduces risks from sharp objects.
- CSA certified steel toe cap meets or exceeds Z195-14.
- Electric shock resistance (ESR/Omega)*.
- Injection molded seamless construction provides 100% waterproof protection.
- Calf Relief Expansion (CRE)™ expands up to 1.5 inches for more calf comfort.
- Flexible upper material stays supple in cold temperatures to make walking easier.
- Tough outsole material for good abrasion resistance.
- Self-cleaning, cleated outsole spits out debris as you walk.
- Removable EVA cushion insole wicks perspiration to help keep feet dry and comfortable.

Even our General Purpose boots must meet Tingley's high standard for quality and performance.

Cleated Outsole:
Spits out debris for great traction.

PILOT KNEE BOOT

31341	Black – Ht. 15" – Steel Toe – Steel Midsole – ESR	4 – 14
31141	Black – Ht. 15" – Plain Toe	4 – 14

*Electric Shock Resistance (ESR) soles and heels are intended to reduce the hazards due to accidental contact with live electrical circuits, electrically energized conductors, parts or apparatus. Electric Hazard soles and heels are not intended for wear in those work environments where volatile chemicals or explosives may be present, where conductive footwear is required.

Warning: Electric Hazard features of the soles and heels will deteriorate in wet environments, and when worn with excessive wear on the soles and heels.

Ideal Applications: Construction, Municipal (Sewer/Water and Public Works), Agriculture, Industry, and other general purpose applications.

Chemical Resistance: Certain acids and alkalis, fats, oils, hydrocarbons and other chemicals.
